Legend:

The profiles of these IOs are available in a zip file `##_PROFILES NOT IN BOOK`. Please note that these profiles were *not* intended for publication: they are shorter, secondary literature is more lightly referenced, and they have not been copy-edited. These profiles record our coding judgments by linking assessments to primary sources.

All excel files are downloadable from the website. They are also conveniently packaged in a zipfile `##_CODING.EXCEL.zip`
